Title I-A Family Involvement Policy 2026-2027

Throughout the year, Kalmiopsis Community Arts High School is a place where families should feel welcome and encouraged to be involved in school, including but not limited to the following opportunities:

1. During our annual Orientation in late August, families will learn about Title 1, including funding, how resources are spent, what academic areas are centered, and how KCA staff support Title I-A.
2. After-school and evening events will be held throughout the year to help families feel included in their teens' academic, creative, and social lives, including the Fall Performing Arts Showcase, Winter Whirlwind Theatre Festival, Spring Art Show, March Pi Day Celebration, and April Literacy Night.
3. For their duration at KCA, each student is paired with a Teacher Leader, who is their 'person.' Together they will create a Four-Year Graduation Plan, meet regularly for academic check-ins, and prepare for post-secondary adulthood. The Teacher Leader will provide holistic guidance, liaising with other teachers, staff, and community support systems as needed.
4. Families will meet with their Teacher Leader for private, 30-minute conferences each Fall and Spring. At these conferences, we discuss students' academic, social, and emotional growth, as well as provide information regarding Title I-A services.
5. Each Spring, families review KCA's Title I-A "Compact Between KCA Students, Families, and Educators" as well as this Family Involvement Policy; the recommended changes will be incorporated into the annual revision to every extent possible.
